

LIST OF MEDICINE WE ARE COLLECTING FOR DR2024

Hola Mi Amigos! (Hello my friends!)

Every year we do our very best to seek out donations from Medical Companies, Pharmaceutical Companies and others to acquire the medicine and supplies needed for our mission in the Dominican Republic.

As friends of H.I.M. some of you may be poised to connect with people who may be able to help us acquire items on the list below before April 15th when we begin final packing for the container we will ship to the Dominican Republic at which time we will need to purchase whatever we could not get donated.

Perhaps you can get some of these items donated from the various sources you know of. Please ask around, talk to pharmacists, family doctors, dentists you know and see what God does. I think you will be amazed at the response.

This would be VERY helpful to us and the overall success of this mission. If someone can not donate an item, don't be surprised if they offer a monetary gift to help cover the cost of a medicine on the list. If that happens, please have checks made out to Hope International Ministries and send to me clearly designating what it is for. Then send it to us in Ft. Myers. We spend about \$20,000.00 yearly to purchase meds we were unable to get donated.

An endeavor of this magnitude does not happen without the collective help and involvement of wonderful people like you and so, so many others helping as well.

If you can obtain any of these, please let me know via email at kurtholthus@hopeinternationalministries.org then please ship to:

Pastor Robb Stancer
13979 Richfield,
Livonia, Mi. 48154

ALL MEDICINE MUST HAVE AN EXPIRATION DATE OF NO LESS THAN JANUARY 2025

Prednisolone 1% ophthalmic suspension 5ml bottle-----	#7 bottles
